NATIONAL CONSTRUCTION SAFETY AWARENESS TRAINING

This Construction Safety Awareness course was developed by the construction industry as a national course to give you an overview and encourage a general awareness of the health and safety issues you'll be faced with on any worksite in Canada.

This course is intended for everyone working in construction in any part of the country, in any sector (residential, industrial, commercial, institutional, pipeline, civil).

Successful completion of this course will earn two (2) credits towards Gold Seal Certification.

SUCCESSFUL COMPLETION OF THIS COURSE WILL ENABLE THE STUDENT TO:

- Define the key rights and responsibilities that you, your co-workers and your employer has on any worksite;
- Identify the communications that must take place on any job site to ensure safe work practices;
- Identify the measures you need to take off the job site to make sure you're ready for work on the job site;
- Identify the Personal Protective Equipment you'll be using on the job site, and how to use it effectively;
- Identify the precautions you need to take when working with workplace chemicals, including understanding WHMIS and MSDS;
- Identify the types of hazards you may encounter on a jobsite, and how to recognize, assess and control them;
- Identify the tools, equipment and vehicles you'll be using on site and how to use them safely;
- Identify the precautions to take when working at heights, excavating and trenching, and working near powerlines.
