

Lead Architectural Designer with BCIN Qualifications (full time)

Waterdown, ON

Job Description

Charles Linsey & Associates Limited is currently seeking a Lead Architectural Designer with a minimum of 3 years of BCIN qualified experience.

Duties and Responsibilities:

- Develop design concepts and provide oversight and guidance for the development of drawings, schedules and detail design
- Create conceptual architectural design drawings using AutoCAD
- Read and interpret plans and CAD drawings with strong knowledge of the 2012 Ontario Building Code as well as excellent technical understanding of building systems
- Develop and complete working drawings and construction details using AutoCAD
- Attend job sites to measure and document existing building conditions with accuracy
- Review and apply information from building codes and local bylaws for project requirements
- Coordinate multiple projects and communicate information with trades, clients and consultants in a professional manner
- Lead junior designers and assign project duties

Qualifications:

- A graduate of either an Architectural or Engineering Technician/Technology program
- Posses qualifications and be registered with the MMAH as a designer
Strong leadership, problem-solving and analytical skills and the ability to resolve issues in a timely manner
- Have a thorough knowledge of and be proficient in AutoCAD with architectural/structural drafting experience in home design and construction detailing
- Demonstrated knowledge of the 2012 Ontario Building Code
Experience with all phases of design including concept design, design development, working drawings and contract administration
- Strong communication skills and the ability to manage a team and convey project requirements clearly to the team
- Proficiency in Microsoft Office is an asset

Personal transport is required and our compensation package includes reimbursement for travel and business expenses.

We would like to thank all applicants for their interest, however, only those selected for an interview will be contacted.

Job Type: Full-time
