

E-LEARNING COURSE Construction Industry Ethics

This course has been designed to help you understand ethics as it relates to the construction industry. The course contains interactive elements, case studies, practical examples, videos and a course glossary. Upon completing this course, you will:

- Understand what is included in "ethical behavior"
- Be aware of the importance of ethics in business
- Know how to make ethical decisions
- Recognize ethics in the context of law
- Understand the direct link between ethics and a company's success

This course is intended for owner/clients, contractors, supervisors, project managers, etc. who must deal effectively and professionally with employees, sub-trades, owners, clients, engineers, employers, and the public.

A final mark of 100% is required in order to challenge the Gold Seal exam. Successful completion of this portion of Construction Industry Ethics is worth 2 Gold Seal credits, the in-class portion is worth 1 additional Gold Seal credit.

This course is self-paced and is approximately 4 hours in length.
