Pro Insul Limited has been providing Industrial & Commercial Insulation Services to a wide range of customers for more than 40 years and is one of the largest industrial insulation contractors in Canada. We have an immediate opening for a:

## Junior Industrial / Commercial Insulation Estimator

The successful candidate will have 1 - 2 years of experience in a pipe estimating role.

- Prepare mechanical quantity take-offs for insulation of piping, ductwork and equipment.
- Calculate the costs of labour and materials for mechanical pipe insulation work.
- Attend pre-tender meetings, including estimate reviews and tender closings.
- Ability to work well under pressure and meet project deadlines.
- Commitment to working in a team environment.
- Ability to read and understand construction blue prints and drawings.

The successful candidate will possess a degree, diploma or certificate in Mechanical or Construction Engineering Technology. Experience in a computerized estimating system, excellent MS Word/Excel skills and strong interpersonal abilities are definite assets.

Technical training in project management, drafting and engineering design and/or field experience in an industrial insulation environment would also be beneficial.

We provide a very competitive compensation package with great opportunities for advancement. The opening is for immediate placement.

If you feel that you would like to explore the potential of this opportunity then I encourage you to apply privately.

Please send your resume in WORD format to: [proinsul@proinsul.com](mailto:proinsul@proinsul.com)
