

Iron Worker/Rebar Installer

Job Description

Join a successful, growing Canadian construction firm committed to providing team members with stable, long-term careers and growth opportunities. Reimar Forming and Construction, based in Hamilton, ON is currently hiring Ironworker / RodBusters for full-time, on our projects in the Niagara/Hamilton, ON region.

Duties include:

- Place and secure rebar on commercial, residential and infrastructure projects in horizontal and vertical formworks
- Able to identify the different sizes, lengths and bend types of rebar
- Able to perform physical work like packing rebar, snap-tying rebar, cutting rebar with a cut saw and placing rebar chairs appropriately
- Read and interpret detail sheets and drawings
- Work with apprentices
- Work around signal cranes and at heights with positioning equipment

Requirements:

- Ironworkers must have at least 2 years' experience working in the construction industry
- Familiar with slabs, walls, columns, zones, beams, slab-bands and able to work on any of these with information laid out and under supervision.

Interested applicants should email HR@reimar.ca with a resume.
